

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

It shall be the duty of every person or persons, official or officials, receiving from any old line insurance company any notice concerning the cancellation or substitution of any of said concurrent policies issued by said old line insurance company, or any notice concerning any increase of hazard, or concerning any increase of premium based thereon upon any property covered by any said concurrent old line company policy, to at once mail, under an immediate delivery postage stamp, a correct copy of such notice to the State Treasurer, and also promptly, and at all times, to render and give to the Comptroller-General and to the State Treasurer such other information and aid as the execution of this Section may require.

Sec. 135. Any new insurance or renewal of old insurance which may hereafter be taken out upon the buildings, and the contents thereof, mentioned in Section 134, shall be carried concurrently as provided in said Section 134, with the following changes as to the proportionate amounts of concurrent insurance respectively carried, and liability respectively incurred by the said reliable old line insurance

companies, and by the said Sinking Fund Commission: Eighty per cent. thereof shall be carried in said reliable old line insurance companies, and twenty per cent. thereof shall be carried in the said Sinking Fund Commission; and that hereafter whenever the said assets in the hands of Sinking Fund Commission shall increase twenty-five (25) per cent. the amount of insurance carried concurrently by the said Sinking Fund Commission upon the said buildings and the contents thereof shall be increased five per cent., the percentage of insurance thereon concurrently carried by said old line insurance companies being proportionately decreased: *Provided*, That the amount of insurance so carried concurrently by the said Sinking Fund Commission upon any one building shall not exceed fifty per cent. of the said insurance fund assets in the hands of the Commissioners of the Sinking Fund. It shall be the duty of the Commissioners of the Sinking Fund to prepare statements showing the amount of these insurance assets in their hands on June 30th and December 31st of each year (or oftener if they deem it necessary), after deducting therefrom all amounts paid by them for losses incurred and for all expenses necessary to the proper conduct of the business of State insurance of public property. That after March 15, 1909, the insurance carried on the main warehouse building and on the office building of the late State dispensary in Columbia, S. C., and on the buildings and contents thereof belonging to the Industrial School for boys, and of the Reformatory for colored boys, shall be carried under the provisions of this Section, and under the provisions of said Section 134.

Sec. 394. If the County Auditor shall at any time discover that any real estate, or new structure, duly returned and appraised for taxation, has been omitted from the duplicate, he shall immediately charge the same on the duplicate, with the taxes of the current year, and the simple taxes of each preceding year the same may have escaped taxation. And if the owner of any real estate, or new structure thereon, subject to taxation, has not reported the same for taxation, according to the requirements of this Chapter, and the same has not been appraised for taxation, the Auditor shall, upon discovery thereof, appraise the same, and, upon making return of such appraisement, shall charge the same upon the duplicate, with the taxes of the then current year, and the taxes of each preceding year it may have

escaped taxation, with twenty per cent. penalty upon such taxes of preceding years. And if any real estate shall have been omitted in any return, the Auditor of the County shall appraise the same immediately for taxation, file such appraisement in his office, and charge the same with the taxes of the current year, and the simple taxes of preceding years it may have escaped taxation.

Sec. 395. If the County Auditor shall suspect, or be informed, that any person or persons, corporation or company, has evaded making a return, or made a false return of his, her, or their personal property for taxation, or have or has not made a full return, or that the valuation returned is less than it should have been, according to the rules prescribed by this Chapter, it shall be his duty, at any time before the settlement with the Treasurer for the year, to notify such party to appear before him at his office, at a time fixed in said notice, together with such other person or persons as said Auditor may desire to examine, and the party, together with any witness called, shall be examined by said Auditor, under oath (which oath said Auditor is authorized to administer), touching the personal property, and the value thereof, of such party, and everything which may tend to evince the true amount such party should have returned for taxation.

What to be done in case of evasion or false return; party may be examined.

Civ. '02, § 358.

The Auditor's jurisdiction is special, and the fact giving it must affirmatively appear, cannot be presumed.—State v. Cromer, 35 S. C., 213; 14 S. E., 493. It does not extend to cases regularly passed upon and determined by the tax boards.—State v. Cromer, 35 S. C., 213; 14 S. E., 493; State v. Covington, 35 S. C., 245; 14 S. E., 499. He has no authority to increase valuation of property where return is not intentionally false.—State v. Boyd, 35 S. C., 233; 14 S. E., 496. And in no event to make such increase without notice to taxpayer, and proper inquiry and testimony as to true value.—Ib. If he increase the assessment fixed by the tax boards he may be compelled by mandamus to restore it to the amount so fixed.—State v. Cromer, 33 S. C., 213; 14 S. E., 493; State v. Covington, 35 S. C., 245; 14 S. E., 499.

Sec. 396. The County Auditor, when he shall deem it necessary, may adjourn the examination provided for in the preceding Section, from time to time; and if he shall find that the party has failed to make any return for taxation, or intentionally made a false return, or intentionally returned his or their property for taxation at less than its fair cash value, he shall determine what amount should have been returned by the party, and add fifty per cent. thereto as penalty, and charge the same, with said penalty, against

"Unintentional mistake" does not mean error of judgment; does not apply where property is returned and passed by the tax boards at a valuation less than others might estimate it.—State v. Boyd, 35 S. C., 233; 14 S. E., 496.

Sec. 397. If, upon the examination provided for in Section 395, the return made to or by the Auditor shall be found to be correct, the expenses of the examination shall be paid by the County Auditor, out of the County treasury; but if it shall be found that the return, as made, was intentionally false, or that no return was made, the Auditor shall pay the expenses of the examination out of the County treasury and charge the same to the party on the duplicate, in addition to the penalty provided for such cases; and such amount shall be collected, with the taxes of the party, to reimburse the treasury of the County for the expenses paid as aforesaid. But if the return made was unintentionally erroneous, said Auditor shall pay the witnesses' fees and costs of serving the notice out of the County treasury, charge the same on duplicate to the party, and the same shall be collected and paid into the County treasury, as aforesaid.

Sec. 400. The assessment of property for taxation shall be deemed and held to be a step in the collection of taxes and the last five preceding Sections shall be construed to mean as giving full and complete power to the County Auditor, independent of any right conferred upon County Boards of Assessors or other officers, as to securing a full and complete return of property for taxation in all cases as expressed in said Sections, whether fraudulently or otherwise improperly or incompletely made.

Said Auditor shall also correct any errors he may discover in the name of the owner, in the description or quantity of any parcel or lot of real estate, or in any return made to his office. He shall also correct any errors in his duplicate when ordered by the Comptroller-General, but he shall not reduce any assessment of personal property regularly made and returned to his office, nor make any deduction from the valuation of any tract, lot, or parcel of real estate, except upon the written order of the Comptroller-General, which written order shall only be made by the Comptroller-General upon a statement of facts submitted to him in writing; and when any personal or real property has been listed, returned, or entered for taxation in a wrong locality, the County Auditor shall correct the return or entry, and charge such property with the taxes in the locality required by the provisions hereof: *Provided*, That any correction made in the duplicate by the County Auditor shall be entered on both the Auditor's and Treasurer's duplicate, except that, in case of the reduction of any assessment or tax, the Auditor may furnish the Treasurer with a certificate of such reduction: *And provided further*, That each County Auditor shall keep a record of all sales or conveyances of real property made in his County, in which he shall enter, in columns, the names of the purchaser and seller, the quality of land conveyed, the location and price of the same, and therefrom correct the County duplicates annually; and, for the purpose of carrying out this provision, the Clerks of Courts and Registers of Mesne Conveyances of each County are hereby required to have the endorsement of the County Auditor on each and every deed of conveyance for real property that the same is on record in his office, before the same can be placed on record in the offices of said Clerks of Courts or Registers of Mesne Conveyances; and the said County Auditor shall be entitled to

property of such municipal corporation as the same accrued upon, to that bidder who will for the shortest term pay the taxes, penalties, costs and charges accrued thereon; and at such sale to protect the interest of the State, if there be no cash bid equal to the taxes, penalties, costs and charges accrued thereon, then the said property, or portion thereof offered for sale, shall be knocked down to the Sinking Fund Commission for a term not exceeding ninety-nine years; and it shall be the duty of the Sheriff to make titles for the term of years required by the bid to the purchaser, and put said purchaser (whether the Sinking Fund Commission or any other person) into possession in like manner as when the fee is by him sold for taxes.

Use for public purposes not to defeat the sale.

For the purpose of this Section the guardians of infants, the committees of idiots or other persons *non compos mentis*, and trustees, shall be deemed to be owners of the lands of their wards and *cestuis que trustent*. In case an infant owner has no guardian, or an idiot or other person *non compos mentis* has no committee, service may be made on the person with whom they severally reside, and upon the Probate Judge of the County, who shall appoint guardians *ad litem* to appear and represent them. In case the interests of any guardian or committee shall be opposed to those of his ward, a guardian *ad litem* shall be appointed by the Probate Judge, who shall have authority to appear and represent such ward. No member of the Board who is personally interested or who is related by blood or marriage in the sixth degree to any person claiming compensation or damages, shall serve while the case of such person is under consideration. The places of disqualified members of the Board shall be filled *pro tempore* by appointment to be made by the Clerk of the Court. All persons interested shall have the right to introduce testimony and to be heard in argument upon the matter of compensation in damages. After hearing the evidence and arguments, the Board shall render its decision by resolution, which shall be recorded in its minutes.

Upon the resolution of the Board fixing the amount of the compensation and the damages in any case, a warrant may be drawn on the County Treasurer for the amount so fixed, and the Treasurer shall pay the same out of any funds in his hands applicable to such purposes. The Clerk shall docket such appeal as Calendar No. 1, and they shall be heard in said Court *de novo* before a jury, unless the right to jury trial be waived, as in other cases provided by law. Such appeals may be called up for trial out of their order by either party. The verdict of the jury in such cases shall be final, unless set aside for the reasons for which verdicts may be set aside in other cases, or unless the judgment of the Court there-

ards of Commissioners as conclude that the system of working the highways by those liable to road duty in their respective Counties is more conducive to the welfare thereof; and in such cases overseers shall be appointed in each Township by the County Board of Commissioners, or in those Counties where Township Boards of Commissioners exist, by said Township Board of Commissioners for such Township, who shall execute the laws in reference to work on public highways.

Working roads by chain gang on contract system optional.

Sec. 1795. In those Counties where the public roads are worked by those liable to road duty, or in which any highway district is so worked, the County Supervisor and Board of Commissioners shall divide the highways in each district which is so worked into suitable sections of not less than one mile, nor more than five miles each, and where not worked under the contract system shall appoint an Overseer of Roads for each of said sections. They shall also divide the persons liable to road duty in each highway district into convenient and suitable squads or companies, and assign a squad or company to each overseer of a section, assigning the road hands, as far as practicable, to the nearest roads; they shall require the Overseer of Roads to call out the hands assigned to their respective sections, and work the roads, and repair and build bridges of same, whenever they may deem it necessary, after twelve hours' notice; and shall require every road hand to bring with him for use a hoe, axe, mattock, and other tools for work on the road or bridges. They shall determine the number of days each working, and the tools to be brought by each hand, but not more than the number of days as fixed for each County herein are required of any one man in the year. Any and all bids shall be made in writing, sealed and addressed to the County Supervisor and by him opened in the presence of the County Board of Commissioners, and submitted to the County Board of Commissioners, and it shall be the duty of said Board to accept the lowest bid made by a responsible person or party (*Provided*, That the County Board of Commissioners shall have power to reject any and all bids, and shall require bond), who shall execute and furnish sufficient bond to keep, repair and maintain said public highway for the period of twelve months from date of contract, such contractor or contractors to execute a bond for double the amount of his or their contract, with two or more sureties, to be approved by the County Board of Commissioners; and said Board is hereby empowered to hire overseers and laborers, and have the work performed as in its judgment may be most expedient and for the best interest of the County: *Provided, further*, That the County Supervisors and County Board of Commissioners of the several Counties of this State are hereby authorized and empowered to arrange to work the roads of their respective Counties with the convicts of their several Counties, or to lease to or from the County Board of Commissioners of any County, on such terms as may be agreed upon by the respective County Boards of Commissioners, and convicts sentenced to perform hard labor upon the public works of any County, and said convicts may be worked upon the roads, highways, bridges or other public works of the County where convicted of the County to which they have been leased.

Sec. 1799. The County Board of Commissioners of Counties are authorized to levy annually a sum not exceeding one mill on all the taxable property of the respective Counties, which shall constitute a part of the County fund, to be expended by the said Board in the same manner as is provided by law for the use and expenditure of the commutation tax in lieu of road duty; and such tax shall be collected at the same time and in the same manner as is provided by law for the collection of taxes levied for ordinary County purposes: *Provided*, That the County Board of Commissioners of any County may cause to be levied a road tax not to exceed one mill on all taxable property in any Township in their County, when so requested by a written petition signed by two-thirds of the freeholders of such Township, such tax to be collected as other taxes, and to be expended on the roads and highways of such Township. The County Treasurer of said Counties shall furnish to the County Supervisor and County Board of Commissioners of their respective Counties a list containing the names of all persons who have paid their commutation tax; and the Township Boards of Commissioners shall also prepare and furnish to the Supervisors and County Board of Commissioners a list of all persons liable to road duty in their respective Townships; and County Treasurers, on receipt of said commutation tax, shall furnish the persons paying the same with certificates that said tax has been paid, and shall relieve such persons from road duty for the year aforesaid. Immediately after the payment of the commutation road tax to County Treasurers, as provided in this Chapter, they shall furnish the County Board of Commissioners of their respective Counties with the names of all persons who have paid said tax; and the County Board of Commissioners shall furnish all overseers or contractors with the names of such persons who shall not be liable to road duty for the year in which said payment may be made.

And when any such bridge already exists, or shall hereafter be built, it shall be the duty of the said Commissioners to divide the same, by means of a line from the centre to the end of each approach, and each County shall be responsible for the good condition of the bridge adjoining the County in which they exercise the duties of office. And when it becomes necessary to build a new bridge, or to entirely replace an old one which has been carried away or destroyed, it shall be the duty of the Commissioners of the two Counties to do the same, as aforesaid.

streams, etc.,
to be done by
landowner.

Dams.

Sec. 1981. In Darlington County the cleaning out of streams, waterways, canals and ditches, and the draining of all swamps, bottoms or agricultural lands, and the opening of all swamps, bottoms or agricultural lands to be for the public good, and the drainage thereof under is declared to be a public purpose. It shall be the duty of all landowners to clean out all streams, waterways, canals and ditches, and the drainage thereof adjacent to their lands at such particular time as the Board may appoint, and according to the directions of the Board, and to keep the same clear of all obstructions, to insure a free and uninterrupted flow of sand and water through the channels thereof: *Provided*, That this Act shall be construed to prevent the erection and maintenance of a dam across any of said streams for any useful purpose. *Provided, further*, That said Board shall have authority to require the owner of any such dam to open and maintain therein suitable and sufficient floodgates or waterways to afford free passage through the same of sand and water, so that the streams above may be kept cleaned out and the lands adjacent thereto properly drained, for which purpose they may require the owner of such dam to open the floodgates or waterways therein, and to keep them open for such reasonable time as they may deem necessary.

Sec. 1982. In case any stream shall constitute the boundary between adjacent owners, who do not agree amongst themselves what portion thereof each shall be required to clean out, said Board shall, after hearing the owners interested, apportion the same amongst them, and assign to each a specific part thereof, and after such assignment the part assigned to each owner shall, for the purpose of this article, be deemed and held to be upon his land, and he shall be required to clean out the part so assigned to him until another apportionment shall be made, which may be made as often as said Board shall think proper.

See Criminal Code for punishment for obstructing streams.

Sec. 1983. When any land-owner shall fail or refuse, after ten days' notice, to clean out the streams upon his land as herein provided, said Board may cause the same to be cleaned out, and the expense thereof shall be a lien upon the land of such owner, prior and preferred to all other liens, except the lien for State and County taxes, to be recovered by suit in the name of said Board in any court of competent jurisdiction.

Sec. 1984. Wherever it shall appear to the satisfaction of said Board that it will be impracticable for the individual owners to properly clean out, widen, deepen and straighten the channel of any stream running through or adjacent to their lands, or to do such work thereon and in connection therewith as may be necessary to properly drain the adjacent swamps or bottom lands, and that the condition of said stream and such adjacent lands is, or is likely to become, such that the public health is, or will probably be, endangered thereby, they may, in their discretion, take charge of said stream, and cause the same to be cleaned out and the adjacent lands to be drained as hereinafter provided. They may change the width, depth and grade of the channel, and cause the same to be re-located. Before any action shall be taken, a petition, stating the foregoing facts, must be filed with said Board, signed by the owners of a majority of the number of acres of swamp or bottom lands on said stream for a distance not less than five miles up and down the same, praying that said Board take charge of said stream, and have the lands thereon drained under the provisions of this Article.

If the stream be less than five miles long, the petition shall be signed by the owners of a majority of the number of acres of swamp or bottom lands on said stream. The petition shall state the following facts as nearly as can be ascertained by reasonable diligence and investigation: The point on said stream at which it is proposed to begin and end the drainage: *Provided*, That said Board may extend the drainage at their discretion, also the number of acres of swamp or bottoms thereon, between the points specified, owned by each petitioner, and also the number of acres in the tract of each, with a general description of the whole tract; also the names and the number of acres of swamp or bottoms on said stream between the points owned by others than the petitioners, and the whole number of acres in each separate tract, with a description of the whole tract. The petition shall be sworn to by the oath of one of the petitioners, and also by a practicing physician of said County. In all proceedings under this Article, the Secretary of State shall represent the State, when the State is interested. Upon the presentation of such petition, the Board may make such further investigation and investigation as they may see fit, including an estimate of the expenses of the work necessary to be done; for that purpose they may employ such assistance, including the services of surveyors, as they may deem necessary for the purpose of making such investigation and estimate. The said Board, and all assistants appointed by them in their order, may enter upon any lands on said stream and make such investigation and surveys. If, after such investigation, they decide that the allegations of the petition are probably true, they shall cause a notice to be served upon the owners of the several tracts on said stream, at such distance as they shall determine, who have not signed the petition, requiring them to show cause, if any there be, at a time and place to be fixed in such notice, why the prayer of the petition should not be granted. Such notice shall be served not less than ten days before the day of the hearing. If, upon such hearing, the Board shall refuse the prayer of the petition, they shall pass a resolution to that effect, and the petitioners shall be liable for all the costs and expenses incurred by said

if they shall decide to grant the prayer of the petition, they shall pass a resolution or order to that effect.

Sec. 1985. In Darlington County. Whenever it shall appear to the satisfaction of said Board that it will be practicable for the individual owners to properly clean, widen, deepen and straighten the channel of any stream, waterway canal or ditch running through or adjacent to their lands, or to do such work thereon and in connection therewith as may be necessary to properly drain the adjacent swamps or bottom lands or other lands needing drainage, and that the condition of said stream, waterway, canal or ditch and such adjacent lands is, or is likely to become, such that the public health is, or will probably be, endangered thereby, or it appears that it is to the public interest for agricultural purposes or otherwise that any lands within the County need draining, they may, in their discretion, take charge of said stream, waterway, canal, ditch and lands, and cause the same to be cleaned out and the adjacent lands to be drained as hereinafter provided. They may change the width, depth and grade of the channel, waterway, canal or ditch, and cause the same to be located. Before any action shall be taken, a petition, stating the foregoing facts, must be filed with said Board, signed by the owners of a majority of the number of acres of swamp or bottom or other lands to be drained, praying that said Board take charge of said stream, waterway, canal or ditch, and have the lands thereon drained under the provisions of this Act: *Provided*, That it must be shown that at least one thousand acres of land are affected by said drainage. The petition shall state the following facts as nearly as they can be ascertained by reasonable diligence and inquiry: The points on said stream or other lands at which it is proposed to begin and end the drainage, also the number of acres of swamp, bottom or other lands thereon, between the points specified, owned by each petitioner, and also the whole number of acres in the tract of each, with a general description of the whole tract; also the names and the number of acres of swamp or bottom or other lands on said stream, waterway, canal or ditch between said points owned by others than the petitioners, and also the whole number of acres in each separate tract,

with a general description of the whole tract: That said Board may extend the drainage at the petition. The petition shall be verified by the oath of the petitioners, and if the petition shows that said is undertaken on account of the public health, said must be verified by a regular practicing physician of the County. In all proceedings under this Act, the Attorney General of State shall represent the State, when the State is interested. Upon the filing of such petition the Board shall make such further inquiry and investigation as they may deem fit, including an estimate of the expenses of the work necessary to be done; for which purpose they may employ the assistance, including the services of surveyors, as they may deem necessary. For the purpose of making such investigation and estimates, the said Board, and all persons appointed by them, or by their order, may enter upon and survey lands on said streams, waterways, canals or ditches, and make such investigation and surveys. If, after such investigation, they decide that the allegations of the petition are probably true, they shall cause a notice to be served upon the owners of the several tracts on said streams, waterways, canals or ditches within such distance as they shall determine, who have not signed the petition, to show cause, if any they can, at a time and place to be fixed in such notice, why the prayer of the petition should not be granted. When the amount of compensation and damages for right of way shall have been fixed and determined, if the same exceed the amount of the per cent. of assessment for drainage against the land of such owner, the Board shall draw their warrant on the County Treasurer for such excess, and the same shall be paid by him out of any funds applicable to ordinary County purposes, and charged to such drain fund. And when the amount for compensation and damages for right of way shall be fixed prior to any assessment for drainage on the same land, it shall be paid and charged in the same way, but said land shall be subject to the assessment for drainage thereafter.

Sec. 1987. Before proceeding with the work of drainage, the said Board shall make, or cause to be made, an estimate of the cost and expenses, including therein all moneys and expenses paid out or incurred in reference hereto or in preparation therefor; and they shall add to the total gross sum ten per cent. thereof for contingencies; and they shall apportion the per cent. thereof to be paid by the County, and the per cent. thereof to be assessed against and paid on account of and for each tract of land in their opinion involved, and the number of equal annual instalments, not exceeding five, in which the same shall be collected. Such apportionment and assessment and decision as to the number of instalments shall be subject to review and correction, in the manner herein provided. The owner or owners of any tract or tracts so assessed who may feel aggrieved, may, within five days after notice of the assessment, which notice shall contain the total estimated costs and expenses and the per cent. thereof assessed upon his tract, and the number of annual instalments in which the

Their findings and report shall be in writing, signed by them, or a majority of them, and delivered to the Board, and the same shall be final and conclusive of the issues submitted. The jury may call in such assistance as they, or a majority of them, shall desire, to prepare their findings and report, to be paid for as other expenses.
